"I heard from my label that kids on Tiktok don't have the attention span for full songs anymore, So, I made this song super-fast and made myself sounding like a chipmunk so maybe one of them would listen to the entire song.

So here is the Nightcore-Ultra-Extreme-Chipmunk-Fast forwarded-Supreme-Version of Sing Me A Song!"

Sing Me A Song Lyrics:

Sing me a song
For all the forgotten ones
So we can sleep
With smiles from cheek to cheek

I know that I'm not the person
they want me to be
But please listen to me
We are the same forsaken seed

Some are the good
Some are the bad they say
But I can't seem
To find the one I am

Some are the good
Some are the bad they say
But I can't seem
To find the one I am

Sing me a song
For all the forgotten ones
So we can sleep

With smiles from cheek to cheek

Some might say that
My mind isn't like it should be
I have gotten off rails
And now I can't make my way back

Some are the good
Some are the bad they say
But I can't seem
To find the one I am

Some are the good
Some are the bad they say
But I can't seem
To find the one I am

Sing me a song
For all the forgotten ones
So we can sleep
With smiles from cheek to cheek

(Come get me out
I've had enough,
I've had enough
So come get me out
Come get me out
I've had enough,
I've had enough
So come get me out
Come get me out
I've had enough,
I've had enough
So come get me out
Come get me out
I've had enough,
I've had enough
So come get me out)

Sing me a song
For all the forgotten ones
So we can sleep
With smiles from cheek to cheek

About CORRO

Emerging from the shadows, brimming with colour & Nordic charm, **CORRO** continues to carve out his place within the music sphere with an arsenal of melody & aesthetic, usually reserved for the elite. Honing his talent in the trenches, with former bands **DEADLOCKED STATE** & **Kerbera**, CORRO has since embarked on his own formidable journey, signing to Swedish independent label **Icons Creating Evil Art** in 2019, and releasing a string of unapologetically, boundary bending singles, an EP and full length album since.

2021 single **Mona Liza Overdrive** took **Corro** to the next step and a new direction on that journey. Not just a song, but a statement of intent that began to catapult **CORRO** into a brand-new realm. It was the first collaboration with Glaswegian duo **Johnny Madden** (Baby Strange) & **Chris Marshall** (7West Studios / Gerry Cinnamon) which also featured guest drums from **Chris Allen** (Malefice, Brian May), that marked it as one of the stand out alt-rock songs of 2021.

With a growing audience and an exciting schedule of singles dropping over the course of 18 months, 2023 and 2024 is already looking like a stand out year for CORRO.
